

#### LIBERTYVILLE

The prohibitionists will not get a big vote here.

Mr. Schenck will make arrangements to rebuild his elevator.

It is rumored that the fire Saturday, was the work of an incendiary.

J. K. Hillis is still on the sick list, being confined to bed with fever.

Mrs. L. K. Powers, of Grand Island, N.Y., has been the guest of Mrs. Hillis.

Sample copies of this paper will be found at the various points around the country, and you are requested to ask for one.

The accommodation train leaves here at 7:10 a. m., and arrives here at 7:15 p. m., during the week days. Sunday, it leaves at 8:00 a. m., and arrives at 8:20 p. m.

There are ten new advertisements in this paper this week. Among them is that of G. B. Watrous & Son, Waukegan. These gentlemen can tell you a fine cooking or parlor stove, cheap now.

Those who ship produce to the Chicago market, will be interested in reading in this paper the new advertisement of T. D. Randall & Co., the oldest commission firm in the city, and having a long and successful experience in the handling of country produce. Ship them your butter and eggs.

There is no political excitement here to speak of. Mr. Flavin, of McHenry County, was here last week, and tried to make the people think he had been nominated for representative by the minority party. It seems that nobody believed this stroke of fancy, and Mr. Flavin left the town in the belief that voters here, are pretty well posted.

The wildest excitement prevailed Saturday morning caused by the cry of fire which went ringing over the town about 3 a. m. The cause was discovered to be Mr. Schenck's grain elevator, and it was soon enveloped in flames. All the people turned out, but their efforts to save the building or its contents were without avail. The flames spread to Nelson's barn and it, with the elevator was soon a heap of ashes. The loss on all will reach about \$4,000. The insurance is about \$1,800. It is now in order to talk fire apparatus.

We are pleased to learn that some of our young readers are about to take a course in the Metropolitan Business College, 77 Madison Street, Chicago. In point of discipline, thoroughness of work, experienced teachers, and practical methods, this institution certainly stands at the head. It is a live and progressive school, in the full sense of the word, and is now the largest of the kind. Those interested should write and receive a beautifully illustrated catalogue. Having a personal knowledge of this school we can recommend it to all.

#### ANTIOCH HOME NEWS.

Mr. and Mrs. S. J. Simons are visiting with friends in Nebraska and Iowa.

The Cornet Band will give their annual ball at Wadsworth, Ill., on this Friday evening.

H. S. Rector, a farmer resident of this village, now of Kenosha, Wis., was visiting here last week.

Joseph Cobb, of Barren county, Wis., has been visiting with his parents and friends here for the past few days.

Corn is about all cut; what has not been cut by hand is badly cut with frost, but the crop in most places is very good.

Ben Haulin of Grays Lake was in our village Wednesday, and thinks Antioch has made wonderful improvements in the last two years.

E. E. Galnes, M. D., and wife (nee La Plant), of Milwaukee, Wis., were visiting with friends in this village last week. Mr. S. made our office a short call while in the village.

Ducks have commenced to arrive in considerable numbers at Gross Lake, and hunters arrive on almost every train for a season's sport at the great hunting grounds of northern Illinois.

Our barber, Henry Strang, has left the village to seek fame and fortune in the place. We wish Henry the best of success in whatever place he locates; but like many others we will often wish him back with tears in our eyes. While shaving himself with a dull razor.

The new advertisements under the head of "The Fulton Street Market Directory" are a "worth reading." Mr. Noonan & Co. are before you in the list, and it would be well if farmers could remember them in shipping calves, lambs or hogs. They are a first class firm and will treat you well.

Mrs. Hannah, Parker will sell at public auction at her residence, one mile north of Lake Villa and four miles south of this village, on Saturday, Oct. 6, two tons of hay, 6 milch cows, 4 heifers, 2 three year old colts, 2 two year old colts, 2 yearling colts, and other articles and teams; one year time at 6 per cent on approved notes.

George Moore who lived about four miles south of this village died Sunday evening, Sept. 20. The cause of death as near as we are enabled to learn was a severe case of cholera morbus. Mr. Moore worked outling corn all day Friday and was apparently in his usual good health, but in the evening was taken sick and continued to grow worse until death released him from his suffering. Sunday evening. We extend sympathy to the sorrowing family and friends in their hour of affliction and sorrow.

A quiet wedding occurred at the residence of Robert Hays on Wednesday, in which the principal

persons connected with the affair, his daughter Della and Mr. Hays, of Homewood, Ill. Mr. Hays, of the M. B. Church, tied the knot in the presence of several intimate friends of the bride and groom. The happy couple took the 5 p. m. train for their home at Homewood, Ill., followed by the best wishes of hosts of friends of the bride and groom. One of the popular young ladies of Antioch. The News extends congratulations and hopes their lives may be one continual round of happiness and prosperity.

The Woodstock Democrat, in a rambling editorial article on the reception of the Palmer at the fair, has it as a deal being made with Republicans by the Illinois legislative faction, and fairly blubbers because the Sentinel fair correspondent failed to see Mr. Flavin, but made mention of Mr. Haines being there. Why Johnnie, there is nothing very strange about that, as Mr. Flavin's dawning greatness has not assumed proportions enough as yet, so he could be distinguished from the ordinary run of farmers, and even were he elected, it is doubtful if any one outside the town of Woodstock, and possibly a few of the Hardwood cronies would ever know he was in the Legislature. As to deals, why Johnnie, have you forgotten that the Republican party two years ago were called in to help the bolting Democrats down Mr. Haines, and the reason they are not called upon this year by the Dick Bishop reformers is because they know the Republican party and great majority of Democrats are not going to fool any new votes on Dan Flavin.

Quite a large crowd attended the "pumpkin pie social" at the M. E. Church last Saturday evening, and succeeded in disposing of liberal allowances of some very excellent pie of the excellent pumpkin, kindly contributed by the ladies of the M. E. Church society, who by the way know how to make pumpkin pie in edible shape. We had fully expected to see the male citizens dispose of hemispheres of pie, and were not disappointed in our expectations, some of them even going the other hemisphere, but confess we were greatly surprised to see the slender American girls dispose of such enormous quantities of pie, and the naturally slender women who do so, put it, for in such slender forms who would suppose there was such ample storage room? The musical and literary programme was excellent and the entertainment, one of the pleasant social events that tend to make our people contented, moral, and happy, and draw more closely the bonds of unity and friendship that bind together church and state.

#### HIGHLAND PARK.

Coroner Thompson was in Town Tuesday.

E. H. Spencer and wife have returned from a trip East.

County Clerk Dorsett and wife are visiting in Dakota.

The Government pier at Fort Sheridan is now completed.

Charles Whitney, of Waukegan, is in Dakota on business.

Mr. and Mrs. J. F. Slater and son and son have returned from their trip East.

H. T. Perine, of Waukegan, has purchased the interest of his partner, Mr. W. H. Dodge.

Artist W. E. Brand has a pretty sketch on exhibition at the drug store, which attracts much attention and warm praise.

The Republicans failed to have a meeting of their club Saturday evening, but will probably arrange for a public meeting sometime this week.

The Philadelphia papers announce the approaching marriage of Colonel Robert M. Floyd, a young widower, a lack of the city who was the "first love" of his boyhood years. Both he and she have been married since, but have lost their mates by death, and now the old love has been renewed with promise of final culmination.

Last Saturday evening the first meeting of the Cleveans and the "man club" was held in McDonald's Hall. Quite a large crowd was present. E. L. Prueing was elected permanent president, and W. L. Hull secretary. T. K. Boyerson, of Chicago, made an extensive address on the "Reform." He was followed by Hon. Mary Turley, who delivered some vigorous remarks and was heartily applauded. Quite a number joined the club at the close of the meeting.

Council met in regular session Tuesday evening. There were present Mayor, two aldermen, and Councilmen, Bell, Hylwell and Grant, Clerk Finney, City Attorney Smoot, and a number of citizens. The minutes of the previous meeting were read and approved. Messrs. McFarland and Prueing, were granted a permit to grade that part of Maple avenue in front of their lots. The treasurer's report was read and showed balance on hand Oct. \$24,190. The report of the "comptroller" showed the month's receipts at \$30,125. The city manager's report showed that two arrests had been made, and the fines therefrom were \$28.00. The fine of \$3.00 collected from George Smith, for alleged violation of the blue ordinance, was ordered returned to him, on request of Attorney D. L. Zook. A report from the Special Assessment Committee recommending sidewalk on Vine avenue from St. John's was read and passed. Mr. W. H. Hylwell, chairman of the Select or Water Committee, submitted a report as to the work of said committee; looking to the promotion of the scheme for supplying the city with water. An analysis of the water was made by chemist Del. A. Fontaine, showed from a sanitary standpoint that the water was remarkably pure and wholesome, free from ammonia, nitrates, and no free organic matter. The report showed the water to contain the following: Hydrogen mineral matter, 35 grains; chlorides, 14 gr. ins.; Carbonate, 15 grains. Sulphates, 36. The water is harder than lake water but would not injure kettles or boilers. The water was also highly recommended by Past Surgeon Appel. The report was received and filed. The Water Committee also had corresponded with Boardman officials in reference to the purchase of a Worthington pump and boiler. W. W. Boyington acting for and with the committee employed Engineer F. W. O'Brien to examine boiler and pump. The boiler was found to be 40 per cent in value. The engineer recommended that the boiler be subjected to a hydrostatic test of 90 lbs. to the square inch, and that perhaps \$100 in expenditure would repair it and make it valuable for years. The price of pump and boiler is \$350 and the bill of the expert is \$15.00. The latter was ordered paid. Aldermen

#### GRAY'S LAKE.

Gray's Lake is getting dry since the fire.

J. T. Morrill grinds Thursday, as usual.

Ony Doolittle visited the city Wednesday.

Louisa Whightman is spending a few days in the city.

Geo. Richardson is digging a well for the Dairy cottage.

Fred Wilber took a trip to Waukegan Saturday, on business.

Mrs. D. Whightman and Mrs. Torvor took in the city this week.

Chas. Thair has been sick for some time, and is now getting better.

Everybody in this place is a good fireman, and don't you forget it.

J. J. Burke, editor of the Antioch News, was a caller here Tuesday.

Geo. Thair has sold his farm, and we are in hopes he will settle here.

George Barnhardt was the coolest man in town the night of the fire.

Albert Kell went to the city to get a new stock of goods, Wednesday.

Will Doolittle is going to the city to get some gloves, then to see Alaska.

Mrs. Phelps is still increasing her millinery stock, and is as busy as ever.

Uncle Jake says, "Hurrah for E. M. Haines, he is the smartest man in Illinois."

A. J. Raymond and Watt Convers shipped two cars of stock Monday night to Chicago.

Mr. Geo. Drue and daughter visited the Exposition Wednesday, accompanied by Mrs. C. Torvor.

Charley Whitehead is in trouble. He has a fire in his head and don't know when it will stop.

Fred Hattershall is looking blue, but says he is all right if he don't take in the Exposition every week.

Hank Hart is all right. He says Lake county will have two representatives in the next Legislature.

Jefferys and Harvey shipped a car of sheep Saturday. So Gray's Lake has begun early to ship stock.

Edie and Edith Hendee have returned from Hamilton, Wis., where they have been for the past two weeks.

All parties owing Albert Kell are requested to call and settle, as he is in need of money, having lost all by fire.

Our station agent is so busy he has to work nights to keep even with the business. He says this is the boss station on the lake.

Maggie Partridge, our popular teacher, will charge Tuesday school, and we shall have a good school this winter, as usual when she is the teacher.

Gentlemen from Milwaukee have been buying several car loads of barley, and our streets have been filled with teams for the last two days, delivering.

Mr. Phelps wishes to thank all who assisted at the fire, and is also pleased to think that his loss was nothing but the blistering of the paint on the front of his store.

Gus Gedke has been relieved of the section here and has gone to Rockford to take charge there. If some one would build a house we would not be losing our citizens, who would be glad to stay with us.

There is a man by the name of A. J. Dennison who says he is a Democrat, who is around the country assessing postmasters. The editor of this paper is a Democrat and also a P. M., and is now waiting for the gentleman to give him a call, and we think after he finds out about some changes that have been made he will think his influence with the present administration is not as great as some of his Republican friends say it is. He is leaving the post office to go to a Democrat, and undertake to do anything for the Democratic party, let alone making the people believe that he has been nominated for postmaster. The editor of this paper is a Democrat and also a P. M., and is now waiting for the gentleman to give him a call, and we think after he finds out about some changes that have been made he will think his influence with the present administration is not as great as some of his Republican friends say it is. He is leaving the post office to go to a Democrat, and undertake to do anything for the Democratic party, let alone making the people believe that he has been nominated for postmaster.

Last Friday evening about 10 o'clock this enterprising place heard the cry of fire, first for the first time; and as soon as possible everybody was busy endeavoring to stop the burning of the hardware store. And after finding out that it would be impossible, all turned their attention to save the adjoining buildings.

Mr. Hylwell was in the store and put out the lights, accompanied by his nephew, about five minutes before the fire started, and went upstairs and was getting into bed when an explosion occurred, extinguishing the light in his room, and the morning after he was so quick that himself and Mr. Will Hylwell had to get out of the window on the roof to save themselves from being suffocated. Mr. Hylwell, our station agent, was the only man up in the store. He was having the fire out, when he heard Mr. Hylwell, and from that time until the building fell, everybody was busy. The fire blasted the paint on Mr. Phelps's house, and the sparks fell around Morrell's mill and several times caught in the lumber yard and in the lots adjoining.

Alex. Kell's store was well protected by his citizens with water and brooms, and too much credit cannot be given to all who assisted in the work of helping to protect the property of Gray's Lake.

Mr. Albert Kell was insured in the Rockford and Northwestern for \$2,000. His loss is total; he saved nothing, not even his clothes. His papers and insurance policies were burned with the balance. Mr. Kell has the sympathy of everybody. He was doing a good business and had just received a new lot of goods a few days before the fire. Since then he has had ordered some more goods, and will be able to supply a few things that people need in a few days.

The building belonged to Mrs. Chas. Whittney, of Waukegan, and was also insured. We all hope that a new hardware store will be built this fall as we need one, and there is plenty of business for one. The only accident was a severe cut on the hand of your son, while endeavoring to get in a window a box slipped, and he fell in such a shape as to cut a vein on the back of the right hand, but is all right now.

Fortunately the family of Mr. Kell was visiting with relatives in Streeter. Mr. Kell was here last week and they went home with him. Had they been here we may have had a more serious time.

Gray's Lake is getting dry since the fire.

J. T. Morrill grinds Thursday, as usual.

Ony Doolittle visited the city Wednesday.

Louisa Whightman is spending a few days in the city.

Geo. Richardson is digging a well for the Dairy cottage.

Fred Wilber took a trip to Waukegan Saturday, on business.

Mrs. D. Whightman and Mrs. Torvor took in the city this week.

Chas. Thair has been sick for some time, and is now getting better.

#### LAKE VILLA.

The gathering on last Friday evening was a big success. At an early hour a large audience gathered at the church and listened to a very interesting programme given by the young people and children of the church. Among the fine things rendered were solos from Mr. Davis, Mrs. Thacker, Mr. Spafford, of Millburn; Miss Ida Allen, of New London, Wis.; Miss Sherwood and Miss May Shullis.

Miss Sherwood and Miss Ida Allen sang the old song "Anno Laurie" very nicely.

The speaking, which was mostly done by children, was good. Miss Lizzy, of Evanston, spoke "Over the Hills to the Poor-house" in a manner which moved the audience to tears, and brought forth hearty applause.

Little Denna Thacker spoke "My First Pair of Pants," and fairly brought down the house, while little Mazie Gail, scarcely five years, received a loud encore after reciting about the "New Baby."

After the programme was finished the "good people" repaired to the house of L. C. Manzer to partake of pork and beans, corn bread, doughnuts, cherry apple-sauce and various other old-fashioned dishes. All went home greeting that Mr. and Mrs. Manzer cannot be beaten for hospitality.

The net proceeds of the evening were about twenty-five dollars, which is to be applied on the minister's salary. The society feel very grateful to Mr. and Mrs. Manzer and all others who assisted them.

Their Only Medicine Chest.

DERBIDGE, Montana, Dec. 10, 1885.

I have been using Brandt's Pills for the last thirteen years, and though I have had nine children, I have never had a doctor in the house except three times, when we had an epidemic of scarlet fever, which we soon banished by a vigorous use of Brandt's Pills. I have used them for myself, two or three a night for a month, for liver complaint, dyspepsia and constipation. In diarrhea, cramps, wind colic, indigestion, one or two Brandt's Pills filled the children at once. A box of pills is all the medicine chest we require in the house. We use them for rheumatism, colds, catarrh, biliousness and impure blood. They never have failed to cure all the above complaints in a very few days.

WILLIAM W. H. MILLER.

#### REMEMBER.

Alcock's are the only genuine PAIN-EXPELLERS. They act quickly and with certainty, and can be worn for weeks without causing pain or inconvenience. They are invaluable in cases of Spinal Weakness, Kidney and Pulmonary troubles, Rheumatism, Ague, Catarrh of the Bladder, Dyspepsia, Strains, Rheumatism, Lumbago, Sciatica, Heart, Spleen, and Stomach Troubles, and all local pains.

Beware of imitations, and do not be deceived by cheap imitations. Ask for ALCOCK'S, and let no explanation or solicitation induce you to accept a substitute.

#### DYSPEPSIA.

Causes its victims to be miserable, hopeless, confused, and depressed in mind, very irritable, languid, and drowsy. It is a disease that does not get well of itself. It requires careful, persistent attention, and a remedy to throw off the causes and tone up the digestive organs till they perform their duties with a will. Hood's Sarsaparilla has proven just the remedy in hundreds of cases.

"I have taken Hood's Sarsaparilla for dyspepsia, from which I have suffered two years, and which did not get well of itself. It requires careful, persistent attention, and a remedy to throw off the causes and tone up the digestive organs till they perform their duties with a will. Hood's Sarsaparilla has proven just the remedy in hundreds of cases."

THOMAS COOK, Brush Electric Light Co., New York City.

#### Sick Headache.

"For the past two years I have been afflicted with severe headaches and dyspepsia. I was induced to try Hood's Sarsaparilla, which does not get well of itself. It requires careful, persistent attention, and a remedy to throw off the causes and tone up the digestive organs till they perform their duties with a will. Hood's Sarsaparilla has proven just the remedy in hundreds of cases."

THOMAS COOK, Brush Electric Light Co., New York City.

#### Hood's Sarsaparilla.

Sold by all druggists. 50¢ a box for \$5. Made only by C. I. HOOD & CO., Lowell, Mass.

100 Doses One Dollar.

#### Mustang Liniment.
